## OBJECTIVE

Commerical diver with 80+ dives logged in various environments from potable water inspections to fire suppression reservoirs.

Seeking a position to further my career with an organization that will leverage my unique skill-set and challenge me to learn, improve and grow.

I am a passionate diver and motivated team player with the ability to work independently. I possess above average physical and mental toughness and have a love to explore and travel to new places. I easily adapt to new people, difficult situations and work environments.
